

Helping Schools and Students
Achieve Higher Academic Success

Date: 5/16/08

Student Name: Timia Maynard
Grade: Eight
County: Meriwether
State : Georgia
Parent Name: Lisa Maynard

TESTIMONIAL FROM STUDENT / PARENT:

Achievehighpoints really helped me out alot. My grade in math went from a 78 to a 99. I also just got my OACT test scores back, and it turns out I passed ALL sections. Before I started this program I was a struggling math student who could barely keep up, but now I'm more ahead, and I would like to thank achieve high points for helping me. I would recommend this great tutoring program to everyone I know, because if it helped me, it could help them also.
